ON BRIEF

JERRY SMITH, **Administrative Patent Judge.**

ON REQUEST FOR REHEARING

Appellants request that we reconsider our decision of May 31, 2006 wherein we reversed the decision of the examiner rejecting claims 1-6, 8-10 and 13-19.

Appellants note that the copy of claim 1 that was included within the decision contained a typographical error at the last line of page 1 of the decision. Specifically, appellants note that the word "positions" in the copy of claim 1 in the decision should be "portions." Appellants request that we

acknowledge the typographical error in the copy of claim 1 and that we confirm our previous decision.

Appellants' request is granted in its entirety. We regret that the typographical error in the copy of claim 1 went unnoticed. The correct claims were reviewed in making our decision in this case, and the typographical error in the copy of claim 1 in the decision had no effect on the decision.

No time period for taking any subsequent action in connection with this appeal may be extended under 37 C.F.R. § 1.136(a)(1)(iv).
